NORTH OF 329

by Creative Community Promotions

Tiffany's grandfather Stefan Eyolfson—who was one of a very few local welders in Riverton—was her role model growing up. He showed her that you can make a living doing whatever you wish to do, through hard work and dedication, he also taught her to always be fair and to appreciate the town and the people you are apart of.

THE MONTHLY RECAP

by *Samantha Hampton*
Owner of *Creative Community Promotions*

We blinked and summer was over! The summer of 2020 was one for the books. The season is not the only thing that is changing...

We have our website being developed as I type! Did you know that our virtual directory won't only be accessible online but from any IOS & Android device by downloading our app?

This is something I have been dreaming about for quite some time. My friends and family have been asking me lately, what this will mean for my company? I will share the exact answer I gave to them with all of you.

"This new communication tool will take the Interlake Region by surprise. This is a game-changer for a lot of small businesses. I am creating one central hub in hopes of educating and socializing the entire Interlake community."

This is a LARGE undertaking. That doesn't scare me if anything it just makes me want to work harder to provide this unique service. If everything goes as planned I hope to have this up and running by the end of October. I wanted to say a very big thank you to everyone that is in my corner cheering me on. Your support and encouragement mean more than you know.

Until next month,
Stay Safe, & be kind to one another.

Samantha Hampton 

A FEW THINGS I LOVE TO DO

by *Alaina Johnston*
5 years old

My name is Alaina, I am 5 years old. I live on a dairy farm in Arborg.

My favourite thing to do is drive the combine, my dad is teaching me to drive in a straight line so the bailer can pick up the straw. I like feeding the cows so they stay healthy to produce milk for everyone's family to drink.

I really like helping them clean the tractors and clean the combines. We have coffee time everyday to have a break from farming. I help my dad bottle feed the young calves, we have a robot in our barn that milks the momma cows.

I really love working my dad, papa and uncle Tyler. That's what I love the most.

NORTH OF 329

by Creative Community Promotions

North of 329 is a custom made company, that specializes in making custom tumblers, flasks and most recently small jewelry boxes using vinyl decals.

Tiffany Eyolfson, the owner of North of 329 started up this small business when she became pregnant with her second child, knowing she would not be able to keep up much longer as an esthetician at her other small business; Polished located in Arborg. Tiffany first fell in love with customizing products when she bought herself a Cricut machine 4 years ago and began making vinyl decals and iron-ons for herself and her family. Tiffany lives on her grandfather's family homestead (1902). It is there where she came up with the name North of 329. She is quite literally North off of highway 329, just 3 miles west of Riverton.

Tiffany's grandfather Stefan Eyolfson—who was one of a very few local welders in Riverton—was her role model growing up. He showed her that you can make a living doing whatever you wish to do, through hard work and dedication, he also taught her to always be fair and to appreciate the town and the people you are apart of.

Tiffany and her spouse Quentin are both entrepreneurs who, leading by example are trying to teach their daughter and soon to be son that success as a result of hard work and dedication is possible while also leading a simple life in a small town. The support you receive from that close-knit community is that of no other, we really have so much potential to do anything we want with the help of our town.

Since Tiffany started her company in May, 2020 North of 329 has already sold 450 cups! Currently Tiffany is working with other local small businesses to put together "Wedding Boxes" which will include items such as: personalized robes, wine tumblers, ring dishes etc. Please give her a follow on Instagram at @northof329 or Facebook to stay updated with all her new exciting projects .

CCP wants to thank everyone who submitted photos this month. photo credit goes out to all our photographers, there is so much talent in the Interlake!

by Kinloch Grove

Welcome to Kinloch Grove! Our mission is for your next event to be as easy as a prairie summer breeze. At the Interlake's newest outdoor event centre, you'll be surrounded by our beautiful and diverse Manitoba landscape, and situated within walking distance from Lake Winnipeg. Kinloch Grove is truly the perfect backdrop for any occasion.

The owner Allie Reardon-Duaqui and her family have enjoyed their 76 acres of prairie paradise for over two decades. They've explored so much of what the Interlake has to offer from the sandy beaches, boardwalks, and boreal forests, to Icelandic settlements, the WAVE artist tour, and the Gimli Film festival. Having a cabin in Matlock has provided them with the seclusion of country living but also the community and amenities of being close to Gimli, Winnipeg Beach, and Selkirk.

Then, in February 2018, Allie got engaged to her now husband Carlo, and there was nowhere she'd rather be on her wedding day than at the cabin. As plans progressed to host their wedding, they discovered that there were very few venues in the surrounding area that ticked off all the boxes. This sparked the idea for the newest outdoor event centre in the Interlake. They've also decided to use the name Kinloch from family connections to the Kinloch Hotel in the Isle of Mull, Scotland. It's a fitting name for their wedding business and location, as kin and loch mean family and lake. Kinloch Grove is a blend of old and new traditions, and encompasses what the event centre, and company, values most of all; family.

August 24th marks Carlo and Allie's 1 year anniversary, together with the 1 year anniversary of Kinloch Grove, and they couldn't be more happy! As they continue to promote local businesses to future couples, they're eager and excited to provide a magical space for weddings and events to all Manitobans. *I've been working alongside my father to create Kinloch Grove since spring of 2018. We've been meticulously building this new event centre to host your life's most memorable moments.*

Real Changes Fitness

Est. 2020

Finds us on Facebook!

by Michelle Wierda

My name is Michelle Wierda and I am the new owner of Real Changes Fitness. I never thought I would own a gym again but when Covid-19 hit that changed everything. I was presented with challenges that needed a creative solution. Bringing the gym back to the Interlake was the solution. The strength training circuit has been in Gimli for 15 years and I wanted it to continue.

It was important to me to help rebuild the club's community and help women get back into shape. Real Changes Fitness is more than just a gym, its a community.

I am very passionate about the circuit and encouraging women to workout 30min, 3 times a week. It's the only workout that I have ever been able to do and stick with. I love knowing that when I walk into the gym, I have a routine and I know what to do on each machine. Since our circuit is managed through hydraulics, there are no weights to mess around with, therefore I'm always working against my own strength. Real Changes Fitness is for real women, with real lives, where we survive and thrive!

Check us on Facebook @realchangesfitness and send us a message. I would be happy to give you a tour of the gym and show you how it all works! We are located at 41 Centre Street Gimli, MB (Lighthouse Mall)
